Community Meetings

On October 19, Neighborhood Services Officers (NSOs) Rogers and Lanas attended a meeting with the HOA of a property in District 5. This property has been issued 19 notices with 3 violations per notice. The NSOs provided educational information regarding how to remedy the violations and agreed on a timeline to give the HOA ample time to make repairs. Communication is essential in a situation like this as we *build a vibrant, inclusive community driven by a commitment to democratic principles and service above self.*

SeeClickFix

We received twenty-five requests this week, and eighteen turned into cases that were investigated and closed.

After Dark

Research has shown that well-lit residential communities have lower crime rates than their poorly lit counterparts. Neighborhood Services Officer Thomas inspected a property that was reported as having multiple guard lights that were malfunctioning throughout the parking lot. The NSO schedule is different from your typical 8:00 a.m. to 5:00 p.m. job, and NSO Thomas inspected the property after dark. He confirmed the concern was accurate, and the property manager was notified to make adequate repairs. He will continue to monitor progress.

Prohibited Signs

The City of Duncanville maintains public property, and the Neighborhood Services Officers are part of that maintenance as they monitor their areas as listed on the [NSO Map](#). NSOs removed signs from the public right-of-way, which violated Sec—16A-22 (f) – Prohibited signs and activities. There were 14 signs removed by the NSO team this week.

Building and Inspections

- 1,930 single-family rental properties have been registered; one new property has been registered since the last update.
