### Helping Hands

The Neighborhood Service Officers help to identify overhanging tree limbs throughout the City of Duncanville. This provides a helping hand to our Fire Department by allowing them to concentrate on emergencies. Tree limbs must be trimmed to 14 feet above the street or alley. This allows fire trucks to pass through safely without delays. Tree limbs must be trimmed 7 feet above the sidewalk to prevent pedestrians from being injured.

### Building and Inspections

- 1,935 single-family rental properties have been registered; one new property has been registered since the last update. Nine inspections were completed this week; five passed, and four failed. The failed inspections were due to the absence of GFCI protection and missing carbon monoxide and smoke detectors.
- 185 Certificates of Occupancy have been issued since the inception of the Single-Family Rental Registration Program.
